

## Sadlerstone *EARTH*

The latest in a growing number of concrete surface finishes available exclusively from Sadlerstone. With a signature matte surface, Earth captures the raw beauty of our highly engineered concrete.

### ECO-ENGINEERED ■ CONCRETE ■ STONE

**exposure** / a raw exposed surface creates depth and natural variation with a contemporary honed concrete look.

**warmth** / a diverse pallet of colour created using natural oxide pigments.

**partnership** / the *EARTH* range works seamlessly with our indoor and outdoor products: *Smooth*, *Textured*, *Terrazzo*, and *Flekk*.

**simplicity** / created using a process of finishing that allows for "out-of-the-box" installation and easy clean up.

**versatility** / can be used in a variety of spaces including wet areas, high traffic, residential, commercial, and cladding.
